STATE PARK SEEKS CANOE TOUR GUIDES

Brannan Island State Recreation Area- Here's your opportunity to share your knowledge and appreciation of the Delta with others in a friendly, relaxed setting. The guided delta canoe tours offered this Fall were so popular that the State Park is looking for more volunteer tour guides to help meet the demand.

Canoe Tour Guides receive training in canoeing, first aid, CPR, and how to lead a tour. After the training is completed, volunteers are expected to lead at least two canoe tours per month during the season. The Spring season will be March through June.

The Canoe Tour Program is sponsored by the Delta Natural History Association, a non-profit organization dedicated to enhancing the understanding and appreciation of the Sacramento-San Joaquin Delta.

For more information, call 916-777-7701 and ask for a volunteer packet.
